

Finance Options For Equipment Purchases

Benefits of financing

- **Get it right now**
When the newest piece of equipment is crucial to your business, waiting for the funds to be available isn't always an option. With financing, you won't have to put forth a hefty upfront payment.
- **Know what you're paying each month**
Financing allows you to plan and budget with a predictable monthly payment.
- **Simple & quick**
With dedicated online applications you can complete in minutes, you can get quick turnarounds on approvals.
- **Hang onto your cash**
Paying for equipment over time by financing means there's no huge cash burden with your purchase.
- **Competitive rates**
Financing can be a cost-effective solution.
- **Tax benefits**
Financed equipment can be deducted as an operating expense in the period in which it's paid, which reduces the overall cost. Payments are also treated as expenses on the income sheet, so there's no need to worry about depreciation.

Corporate Only Guidelines

A general guideline for approval based on only corporate credit include meeting the following three criteria:

- Over five years time in business under current ownership
- Over 50 full time employees
- Diversified ownership of 5 or more people

Check this box to submit this application using only corporate credit. Please note: submitting a corporation-only application can reduce your chances for approval or result in a smaller approval amount.

Check this box if your business does NOT meet all three criteria above, but you still want to be considered for a corporate only approval. Please note: You will need to complete the Ownership section for 100% of the owners. We will review the credit of the owners as part of the underwriting process and will advise you if we can approve your application based solely on corporate credit.
