When the newest piece of equipment is crucial to your business, waiting for the funds to be available isn't always an option. With financing, you won't have to put forth a hefty upfront payment.

• Know what you're paying each month

Financing allows you to plan and budget with a predictable monthly payment.

• Simple & quick

With dedicated online applications you can complete in minutes, you can get quick turnarounds on approvals.

• Hang onto your cash

Paying for equipment over time by financing means there's no huge cash burden with your purchase.

• Competitive rates

Financing can be a cost-effective solution.

• Tax benefits

Financed equipment can be deducted as an operating expense in the period in which it's paid, which reduces the overall cost. Payments are also treated as expenses on the income sheet, so there's no need to worry about depreciation.
