

INTRODUCING
PALMGREN®

**WORKHOLDING &
MACHINERY**

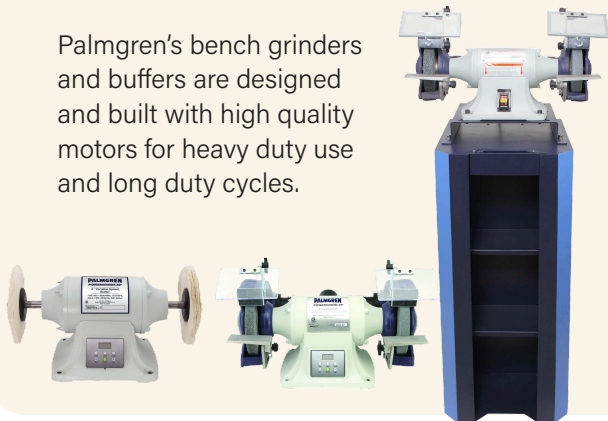

Scan or click here for more product info!

BENCH GRINDERS & BUFFERS

Palmgren's bench grinders and buffers are designed and built with high quality motors for heavy duty use and long duty cycles.

WORKHOLDING - BENCH VISES

From an economy grade vise for occasional light use to the most demanding applications, Palmgren has a bench vise to meet your needs at competitive prices!

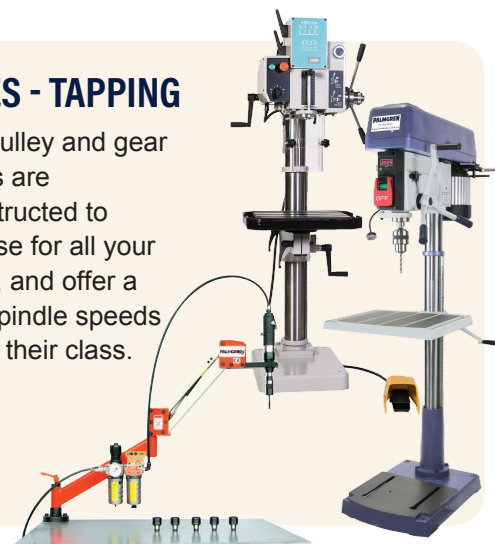

BELT & DISC GRINDERS

Palmgren's direct drive combination belt and disc finishing machines grind, sand, finish, polish, deburr and contour all types of materials and parts.

DRILL PRESSES - TAPPING

Palmgren's step pulley and gear head drill press-es are substantially constructed to provide a solid base for all your drilling operations, and offer a greater range of spindle speeds than any others in their class.

MILLING MACHINES

Palmgren's milling machines deliver the precision, power and versatility to handle a wide range of machining operations normally performed by much larger and more expensive milling machines.

BAND SAWS - COLD SAWS

Palmgren offers heavy duty rigid steel and cast iron construction of the saw head and base provide full blade support and eliminates vibration and deflection.
