WELDING UNPLUGGED: Power Without Limits

Spotlighting the latest in Battery-powered Stick/TIG Welding from Miller, Lincoln, and ESAB

Try before you buy! Schedule a hands-on demo for these Miller or ESAB machines with your local Purity rep and see the power for yourself — no strings (or cords) attached.

Miller Venture 150S

Go cordless without compromise. The Venture 150 S is Miller's first battery-powered Stick/TIG welder, delivering up to 150 amps of reliable output in a compact 26.5 lb. package. With swappable, fast-charging batteries engineered specifically for welding, this machine is built for mobility, performance, and all-day productivity—no cords, no limits.

Hi-Temp Grounding Magnetic V-Pad

- Built for high-temp environments
- Pure copper contact surface ensures superior conductivity and reliable grounding

- Versatile: mounts on flat, round, or irregular surfaces and doubles as a welding fixture

VLT GMV300

\$36⁰⁰

StrongHandTools™
Better Tools. Better Price.

Magnetic Welding Finger with Copper Pad

- Copper spindle and brass contacts enhance durability—ideal for stainless steel work

- Magnetic V-Pad base adapts to any surface; 18 lbs. of pull force and anti-tip bolt ensure stability

- Spring-loaded arm and sliding adjustment deliver fast, repeatable hold-down for tack welding

VLT AGH240

\$18⁰⁰

Special price, only while supplies last!

Inside Outside Angle Magnets

- Steadies parts for tack welding with spring – securely holds stock from the outside when interior access is limited – perfect for sheet metal, pipe, & angled workpieces
- Dual independent magnets deliver consistent holding force on both sides
- Includes hex hole for easy breakaway leverage and precise positioning

VLT MLA450

\$26⁰⁰

Heavy Duty FR Rubber Anti-Fatigue Mat

- Heavy-duty, flame-resistant nitrile rubber mat—safe for welding and ESD environments
- Slip-resistant, grease- and oil-resistant with beveled edges for added safety
- 36" x 60" x 7/8" thick with high-density cushioning for all-day comfort at workstations and assembly lines

TNW AGMAT36X60HD

\$145⁰⁰

Heavy Duty FR Rubber Anti-Fatigue Mat with Yellow Stripes

- Heavy-duty, flame-resistant mat with OSHA-approved yellow safety borders for high-visibility work zones
- Slip-resistant, grease- and oil-resistant with 7/8" thick cushioning for all-day comfort
- Welding safe and electrically conductive—ideal for industrial workstations and assembly lines

TNW AGMAT36X60HDYS

\$155⁰⁰

Miller PAPR II Powered Air Purifying Respirator

Enhanced comfort, cooling and visibility maximize all-day wearability -- increasing productivity, safety and regulatory compliance.

Protect Your Team with the Power of Clean Air.

Miller's PAPR II systems combine HEPA-level filtration with lightweight, all-day comfort—removing harmful welding fumes, grinding dust, and metal particulates before they reach your lungs. With up to 10 hours of battery life, customizable airflow, and advanced helmet optics, these systems are a smart investment in health, safety, and productivity.

Click the QR codes shown to explore each helmet option and see which solution is right for your shop.

Fall Into Cleaner Air

Fume Management Solutions for the Shop!

**MICRO
AIR
TM1000**

As cooler weather sets in and shop ventilation tightens, MicroAir's TM1000 portable air filtration unit delivers powerful, on-the-spot fume and dust capture. Its compact design, self-cleaning filters, and easy mobility make it the ideal solution for welding and metalworking environments where clean air is a must.

EXTREME AIR DOWNDRAFT TABLE - XA23MAX

**Capture Dust and Fumes
Right Where They Start.**

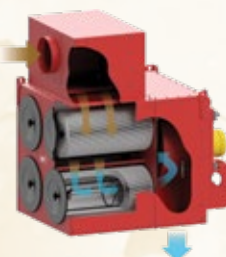

MicroAir's XA23M Downdraft Table pulls contaminants down and away from your breathing zone—ideal for grinding, welding, sanding, and more. With built-in spark protection, ergonomic design, and powerful filtration, it's a smart solution for cleaner, safer workstations.

DUST COLLECTOR FOR CENTRAL SYSTEMS

Big Jobs Need Big Solutions.

From weld smoke and grinding dust to cutting table fumes and oil mist, MicroAir's RP Series central dust collectors are built to handle the toughest shop air challenges. With high-capacity filtration, advanced Roto-Pulse® cleaning, and scalable configurations, these systems deliver clean air across your entire facility—safely and efficiently.

WELDING SMOKE • GRINDING • CUTTING TABLES • BLAST APPLICATIONS • OIL MIST

We also offer portable fume extractors from Miller & Lincoln - trusted brands with proven performance in welding environments.
